Fat loss	~1,285-1,425 kcal	~105-120g	~130-155g	~20-40g

How to use this plan: Your day runs coffee, breakfast, lunch, dinner, dessert. Breakfast is back in, lunch is now the biggest meal, dessert stays every night. Pick 1 option per slot, any combination lands on your targets. Every dinner cooks once for you and Lewis, your plate weighed to your card.

How to weigh: Weigh everything raw, before it hits the pan. Meat raw, pasta and oats dry, potatoes and vegetables raw, frozen food straight from the bag. Ready-to-eat items get weighed as they come, microwave rice straight from the pouch, tins drained first. Anything in a labelled single serve (pots, pouches, bars) needs no scales at all. Fresh fruit, salad and vegetables never need the scales, pieces and handfuls do the job. Spoon measures are level, not heaped. Batch cooking? Weigh the full amount raw, cook it, then weigh the cooked total and split it evenly into your portions.

COACH NOTES

- Your coffee is Queen sugar free caramel now. Skim milk stays.
- Lunch is the biggest meal and the one before training. A meal before sessions, not a snack.
- Dessert is on the plan every night and already counted in your targets.
- Drink nights: sugar free pre-mixed drinks, 4 to 5 max, every other weekend. If you know you are drinking on the weekend ahead, skip the dessert card that whole week and bank those calories for the weekend.
- No rice, no mince, no steak anywhere on this plan. Anything else starts boring you, say so and it swaps.
- 13,000 steps a day. The steps form goes in every night, right after your weigh in.
