Fat loss	~1,450-1,515 kcal	~95-115g	~140-170g	~35-50g

How to use this plan: No breakfast slot, your day runs coffee, lunch, dinner and dessert, the way you already eat. Your caramel coffee is counted, make it exactly as you do now. Pick 1 option from lunch, dinner and dessert every day, any combination lands on your targets. Dinner is the biggest meal of the day. Every dinner cooks once for you and Lewis, and your plate is weighed to your card.

How to weigh: Weigh everything raw, before it hits the pan. Meat raw, pasta and oats dry, potatoes and vegetables raw, frozen food straight from the bag. Ready-to-eat items get weighed as they come, microwave rice straight from the pouch, tins drained first. Anything in a labelled single serve (pots, pouches, bars) needs no scales at all. Fresh fruit, salad and vegetables never need the scales, pieces and handfuls do the job. Spoon measures are level, not heaped. Batch cooking? Weigh the full amount raw, cook it, then weigh the cooked total and split it evenly into your portions.

COACH NOTES

- Dessert is on the plan every night and already counted in your targets.
- Drink nights: sugar free pre-mixed drinks, 4 to 5 max, every other weekend. If you know you are drinking on the weekend ahead, skip the dessert card that whole week and bank those calories for the weekend.
- Cooking one pan for the two of you? Every plate gets weighed. Your plate on the night: 400g of the finished chicken fried rice, 450g of the finished creamy pasta, 130g of cooked taco mince over your 4 tortillas, 115g of cooked mince on your sweet potato bowl. Shepherd's pie is on the card. Burgers, bagels and pizzas are built one each, straight off your card.
- No fish, nothing on a bone and no steak anywhere on this plan.
- If you are genuinely hungry between meals all week, tell me, the plan gets adjusted, that is my job.
